

Fifty-one packages for Antioch area boys in Vietnam were packed recently by the V.F.W. Sequoit Auxiliary No. 4551 at the home of Lillian Burnette, 917 David St. The packages contained playing cards, small knives, tooth brushes, combs, pens and many more items. Participating were, picture far left, Myra Randall, Shirley White, Kate Verkest, Lillian Burnette, Gary Burnette, left center, Shirley White, Gary Burnette, Ellen Flint, right center, Laura Swanson, Myra Randall, Gary Burnette, Olive Hallwas, Alice Burnette, Kate Verkest, Lillian Burnette, Ellen Flint and Shirley White, and far right, Olive Hallwas and Alice Burnette.

Lions Expand Aid To Visually Handicapped

On Friday, Oct. 10th, more than 27,000 Illinois Lions will be exchanging candy rolls for contributions for the sightless. Wearing the familiar yellow caps, they will be aiming at a statewide goal of \$600,000 on LIONS CANDY DAY for the BLIND.

According to M. R. Kerfoot, State Chairman for the Illinois Lions Blind Activities Committee, "Help for the blind has been a primary object of Lions International for nearly half a century. Of the corneal transplant

banks in the nation, more than half are sponsored by Lions. Lions, incidentally, were the movers in setting up the first banks. "Last year alone," said Kerfoot, "more than 600,000 Lions voluntarily gave their services to support more than 300,000 worthwhile community projects. These Lions come from the business and professional worlds and may be your doctor, lawyer, pharmacist or school superintendent. Whoever they are, they have one goal in mind: to help their fellow

men. In Ill. Lions Candy Day for the Blind dates back to 1952 and in that time has distributed more than \$4,500,000 to agencies serving the visually handicapped. Candy Day funds are used to help support Hadley School for the Blind, Leader Dogs for the Blind, Illinois Camp Lions, Dialogue and the Illinois Society for the Prevention of Blindness. Candy Day contributions also help with many community ser-

ANTIOCH, ILLINOIS, THURSDAY, OCTOBER 9, 1969

VOL. LXXXIV. NUMBER 16

Daniels Resigns Post As Trustee Of Village

Richard Daniel, vice-president of the State Bank of Antioch, has resigned as Antioch Village trustee, effective immediately.

The banker announced his resignation at Monday night's meeting of the Village Board, giving his moving out of town as the reason for leaving the board post to which he was elected for a four year term last April.

The board voted 3 to 2 to accept his resignation. Trustees Irv Walsh and Richard Radke opposed the resignation, while Vern Barnstable, Richard Burnette and Robert Wilton voted in favor.

Daniel said he resigned at this date to avoid criticism from the public in serving on the board while he is in the process of constructing a new home on Antioch Lake.

"I'd like to avoid censure from the public," he said, "and at the same time avert any criticism directed at the village board in allowing me to serve while I am building this home."

Village Mayor Raymond Toft expressed regret in announcing the resignation. "This is one letter that I would not like to open," said the mayor.

Walsh and Radke expressed the opinion that they would like to see Daniel remain on the board until the time he occupied his new home which will be some time in April or May of next year.

The Hercules Tool Co. has proposed to purchase a 40 by 239.19 foot strip of land owned by the village in the Antioch Industrial Park.

The firm wants to build a

small plant on the site which could be leased to two smaller concerns.

Village Mayor Toft said the village was unsuccessful in tests for a water well on the site several years ago.

The company made no offer in its letter to Mayor Toft. On the motion of Trustee Walsh, an appraisal will be made to determine the fair value of the land.

The M&S Construction Co. of Geneva was awarded a contract to install an 1,800 foot 12 inch sanitary sewer line from Hillside Avenue to Crest Lane and thence to the sanitary sewer plant on Turner Drive.

Acceptance of the bid was on motion of Trustee Barnstable, chairman of the sewer and water committee, subject to the approval by the village engineer. Other bids were filed by William Ziegler and Sons of Round Lake, \$21,365 and Robinson and Brock of Gurnee, \$24,451.

The Antioch Township Library's request for the village to participate in the cost of the installation of a new sidewalk running north on Main Street was turned down by the trustees.

The library proposed that the present walk be torn up and lowered by two feet.

"I don't see why we should participate in their mistake," said Mayor Toft. "It was a 'goof' on their part."

Mayor Toft said the village installed new sidewalk in the area two years ago.

St. Peter's School has requested a school crossing guard for a half hour, beginning at 8 a.m. during the school week at Hillside and Lake Streets. The request was turned over to the police committee for consideration.

Mayor Toft announced that the Illinois Commerce Commission will conduct a hearing at 1:30 p.m. to eliminate the Soo Line Railroad depot agent in Antioch. The hearing will be held in the State of Illinois Building on La-

(Continued on page seven)

Boy, 6, Drowns In Lake

A six year old boy, object of a 2 1/2 hour search Tuesday night was found drowned in a Petite Lake channel near Antioch.

Dead is Roger R. Johnson, son of Ralph and Sandy Johnson, of Rt. 1, Box 811, Oak St., Beachwood Subdivision, Antioch.

The boy was reported missing by his parents Tuesday at 8 p.m. after they had searched the subdivision. When the parents were unable to find the youngster they called in the Sheriff's department, which was joined by Antioch Rescue Squad, Antioch Fire Dept. and Boy Scout Troop No. 92 and Grass Lake Troop No. 80.

They scoured the area and at 10:30 p.m. the youth's body was found in a channel west of Parkway Ave., near a pier by Tom Haley of Antioch.

Fire Chief Todd Mapleshorpe and Preston Reckers of the State Bank of Antioch display the calendars which will be distributed during Fire Prevention Week by the Fire Department. The calendars are furnished by the State Bank of Antioch.

Antioch Students See Film

Francis O. (Frank) Archer, Sr., 1862 Delaware, Waukegan, presented the film "Thinking About Drinking" to the student body of Antioch High School, Antioch, on Sept. 25.

An Alfred Higgins Production, this film is designed to educate teenagers as to the impact of alcohol on a youthful body, contrasted to the effect of the same amount of alcohol on an adult body. "The film, which is approved by the American Medical Association, is meant to encourage teenagers to do some thinking before drinking," Archer said.

This presentation is not meant to frighten the audience nor to turn them against alcohol," he continued. "As alcoholic beverages are accepted in the present day adult society into which our young people will move, the main

New 4-H Club Is Organized Here

A new 4-H club called The Busy Hand was started September 25.

The fourteen girls met and elected officers and selected projects.

The officers are, President, Jody Fields; Vice President, Sherry Pechulis; Secretary, Lori Haviland; Treasurer, Lisa Irving; Reporter, Kathy Stahmer.

Mrs. Sid Parker is the sewing leader and Mrs. Joseph Pechulis is the cooking leader.

Antioch Chamber To Observe Its Week

The Antioch Chamber of Commerce will hold its membership luncheon meeting at noon Oct. 23 at Lorenz's Smart Country House.

Guest speaker for the affair, which will mark Chamber of Commerce Week in the Village of Antioch, is Jack Gray, general manager and public relations officer of the Wisconsin Dells Scenic Tours. He is also chairman of the Wisconsin State Chamber of Commerce travel and vacation committee.

An accomplished speaker, Gray will talk on making a community a better place in which to live. Reservation must be made by Oct. 17 by calling the Chamber office, 395-3381, from 9 a.m. until noon.

Gray is a graduate of the University of Wisconsin with a bachelor of science degree. He is a former insurance man and during his college days worked summers as pilot and guide on the Dells Boat trips.

He returned to the Wisconsin Dells in 1959 and has been there ever since. He is married and has five children. On Feb. 1, 1966 he became general manager of Fort Dells, Inc., and a public relations officer for Wisconsin Ducks, Inc., and the complete Dells Boat Tours.

In proclaiming the week of Oct. 19 through 25 Chamber of Commerce Week, Mayor Ray Toft said:

"The Chamber of Commerce is the only non-political, non-sectarian clearing house in our city and was created for the purpose of promoting the civic, commer-

cial and industrial progress of our community.

"The Chamber is working toward bettering the living conditions and welfare of all our people and it is an organization through which worthwhile projects are begun for the benefit of our community and acts as a safeguard for our free enterprise system."

County Gets Income Tax Allotment

Lake County government has received its first allocation from the Illinois Income Tax Act. The amount, \$1,708.26, represents one-twelfth of the revenue deposited in the State General Revenue Fund during the preceding month, based upon the number of residents in the unincorporated area of the county. Monies received through the revenue sharing program will be deposited in the county corporate fund, out of which expenses for operation of the various county departments are paid.

In a letter to County Board Chairman Robert W. Depke, Governor Richard Ogilvie said: "This new program of revenue sharing has two principal aims: 1) to reduce the reliance of local government on the property tax, and 2) to help local governments meet their very heavy obligations

(Continued on page seven)

Homecoming Activities Progressing

Homecoming at Antioch Community High School will be on Oct. 17th and 18th, based on the theme "Sequoit Happening."

The Student Council has chosen nine committees to plan and direct the activities for the weekend.

Friday night's activities include a pep rally, bonfire, and record hop, beginning at 8:00 p.m.

The parade will begin at 10:00 a.m. on Saturday and feature floats built by the four classes, school clubs, and local businesses.

They will be judged and prizes will be awarded for the best floats.

The Sequoit gridders meet the (Continued on page two)

Bottle Drive On At Antioch High

The Antioch Community High School concert band plans to run an empty bottle drive, collecting once a month during the 1969-70 school year.

Students will go door-to-door in the Antioch and Lake Villa areas, and it is hoped that the bottles will be donated.

They will be cashed in for their deposit at several local stores, and all proceeds from the drive will help pay for the band's concert tour to New York next March.

Two Men Die In Mishaps

Two persons were killed in traffic accidents in the Antioch area last Saturday.

Waymon T. Pale, 18, of Zion, was killed when his motorcycle went off the pavement and slammed into a tree on Rte. 173, east of Rte. 83 in Antioch Township last Friday night.

After the impact the cycle burst into flames. Pale died at the accident scene.

Richard Leonard, 22, of Fox Lake, was dead on arrival at the Antioch Clinic last Saturday after he fell from a milk truck he was driving south on Herman Avenue just south of Grass Lake Road, Antioch Township.

Bruce Pederson, 23, of 2020 S. Arcadia Drive, Lake Villa, was riding in the milk truck with Leonard when the accident occurred.

He said the truck passed over a bump and Leonard fell out. He was able to stop the truck before it left the road.

A rural Antioch man was injured, along with a Gurnee man last Saturday in a two-car crash on Grass Lake Road a mile west of Rte. 59 in Antioch Township. Taken to Victory Memorial

A UNICEF Halloween

October 31 is Halloween and in Antioch as well as throughout the United States young people will be calling on their neighbors in behalf of UNICEF.

A treat for all the children in the world who do not have enough to eat? A treat for all those who need medical care and cannot get it? This certainly seems to be a large order—too large perhaps—for us here in Antioch to give it our realistic consideration.

Three out of four children, a staggering total of 900 million boys and girls, live in areas where a glass of milk is a luxury and where a minor disease can lead to death for lack of care. What can we do about it?

Of course, it is at present impossible to reach all of the sick and hungry youngsters who need aid; nevertheless hundreds of thousands and even millions of them can benefit from our concern—and this is just what will happen when our children join about three million other UNICEF trick or treaters throughout the United States on Halloween.

A UNICEF Halloween is made up of spooks, witches and goblins; it retains all the fun of ringing doorbells, parties, apple-bobbing and the collection of treats. The big difference is that UNICEF spooks and witches are really angels in disguise.

The coins they collect become life-saving penicillin, protective vaccine and health-giving milk and vitamins for children who are ill or malnourished.

Extra benefits will be reaped right here at home. A day which was often a problem in many communities becomes a night of enthusiastic participation in the vital work of the United Nations Children's Fund. Adult supervision will ensure safe and responsible activities and everyone will gain by uniting in this express of American concern.

Last year UNICEF performed the gigantic task of assisting 120 developing countries in their fight against the dread diseases which affect millions of children, in their struggle to provide adequate nutrition for their growing youngsters, and in their efforts to replace superstition and ignorance with sound maternal and child health practices.

This is self-help; these developing countries contribute 2½ dollars for every UNICEF dollar spent for supplies and equipment. The programs are designed to become a lasting and permanent part of the aided countries' economies.

We can be proud of our boys and girls who want to help such a cause. When they chant "Trick or Treat for UNICEF" at our doorsteps on October 31, let us remember that through the Children's Fund, each penny that is dropped into their orange and black collection cartons will provide the vaccine to protect a youngster in South America from tuberculosis, or five cups of milk for a hungry baby in Asia. One penny can provide the vaccine to protect a child against smallpox and five cents can mean the antibiotics to cure a child from trachoma, which can cause blindness. For a single dollar 16 children can be protected from malaria for a year, or one child can receive four years of leprosy treatment.

National endorsement was officially accorded Trick or Treat for UNICEF in 1967 when a Presidential Proclamation set aside October 31 as UNICEF Day.

We suggest that our own Mayor Ray Toft add his approval to this project by urging all citizens to cooperate with UNICEF.

Homecoming...

Grayslake Rams on the football field at 12:00 noon with sophomore and varsity squads, and featuring a half-time show by the ACHS Marching Band.
The semi-formal dance will begin at 8:00 p.m., with the coronation of the Homecoming Queen and King at 10:30.

Two Men Die...

(Continued from page one)
Hospital, Waukegan, for treatment were Elvin O. Meyer, 29, of RFD 1, Box 557, Antioch, and Joseph W. Schaffer, 66, of 6217 Stearns Road, Gurnee.
Meyer was charged with failing to drive in the proper lane and having no driver's license.

Letters to the Editor

Franks

In the very near future I will be homeward bound, and I will once more be in your midst to take my place again as a human being, with the well known forms of life, liberty and the somewhat delayed pursuit of happiness.

I have served my twelve month duty here in Viet-Nam and extended seventy-one days, so that I may get a five month "early out."

I have been with the 610th Engineer Co. (CS) my entire tour. We produce rock and asphalt to build the roads of Viet-Nam.

I have enclosed a picture of myself. It was taken outside the village of Minh-Hoa, while on convoy from Cam-Rahn Bay with dynamite for our quarry.

I have been fortunate during my stay in Viet-Nam, and I thank the good Lord for being with me.

Last, but certainly not least I would like to thank the people of Antioch, and the Viet-Nam Project for the many thoughtful gifts and kind letters, they have helped my morale, I truly thank each and everyone of you.

Sincerely yours,
SP-4 Ernest L. Franks

Dear Editor,

We are very sorry to be so late in contacting our friends, but know that you will understand when we tell you that our festival correspondence has been overwhelming this year. Please allow us to apologize for the delay there has been in getting this letter in the mail and for any inconvenience it may have caused.

We know that a wonderful day such as we experienced this year on the occasion of our recent chicken dinner festival was made possible through your fine cooperation in bringing our event to the attention of your readers. Many of our 5600 dinner guests came to our grounds on August 17 because of the publicity received in your publication. As a result, our day was another very successful one.

The Sisters and I wish to extend our most sincere thanks for your kindness and assistance again this year. It is friends like you whose continued interest makes our load lighter through their understanding of our efforts to add to our Building Fund.
That God may bless you and return your generosity many times over; we assure you, will be the petition of our daily prayers.

Sincerely and gratefully,
Sister Helen Marie, O.S.B.
Festival Chairman

Dear Sir:

I graduated from Antioch Community High School last June and am currently attending Michigan State University. I cannot help but be faintly amused by the furor Charles Laine has stirred up. There are necessarily two sides to this "problem":

First of all, while it may be Laine's constitutional right to wear his hair as long as he pleases, he possesses no God-given right to attend A.C.H.S. The school is a public one, and therefore the local citizenry reserves the right to decide what is and what is not acceptable. Certainly no one is forcing Laine to attend the school; if he desires to stay there he should abide by the rules. After all, it is possible for nonconformity to exist within the boundaries of what is legal. Besides, long hair is becoming more and more acceptable, and therefore less and less effective as a form of social protest.

Your Congressman Reports....

By Cong. Robert McClory

Some of the earnest young missionaries seeking to revolutionize our society are urging the Congress to "legalize pot." In other words, our national lawmakers are being asked to legalize the use of marijuana—on the basis that smoking marijuana is no worse than drinking alcoholic beverages.

While it is estimated that a million Americans are regular users of marijuana, this hardly compares with the more than six million alcoholics. Still, the Congress must reach a decision soon whether (a) to launch a program to suppress the trafficking and use of marijuana—or (b) to enact laws to control and regulate the possession and use of marijuana.

The American Medical Association holds that marijuana is a dangerous drug producing varying adverse reactions on the human system. Furthermore, the World Health Organization describes marijuana as a drug of dependence which produces both public health and social problems.

Marijuana, which grows wild in many areas, is not a narcotic such as heroin—and generally is not regarded as habit-forming. However, an estimated 90 percent of the heroin addicts admit that they smoked marijuana before they turned to heroin. But only about 5 percent of those who use marijuana ever switch to heroin.

The Nixon Administration is seeking passage of legislation to make a distinction between marijuana and hard narcotics such as heroin and opium. In order to obtain better enforcement against marijuana peddlers and users, the Attorney General has recommended amendments to present statutes with penalties which will more accurately fit the offenses related to marijuana.

More importantly, President Nixon, in cooperation with the Mexican government, has established "Operation Intercept" designed to block importation from Mexico of large supplies of marijuana. Since most marijuana users prefer the stronger Mexican variety, a reduction in imports from Mexico is expected to decrease the incidence of marijuana smoking (particularly on college campuses).

The eccentric behavior among some "hippies"—with their profane use of marijuana (as at the Woodstock festival) has developed into a national problem with which the President and the Congress are deeply concerned.

On the other hand is the problem of accepting people at their face value—"judging a book by its cover." It would seem that the people of a small community such as Antioch are loathe to acknowledge the fact that everyone does not want to look, dress, or be the same. They are naturally suspicious of anything which upsets their normal pattern of living. Antioch has put the "anti-American" boy and girl on a pedestal and told its youth to duplicate this image. Unfortunately, this command is both impossible and frightening. We need conformity to a certain degree, but we cannot force it on everyone. I respect Laine's desire to be different, but he apparently picked the wrong place to introduce such "radical" nonconformity.

I do not propose any solution; it is not my place to do so. Antioch will just have to decide whether it wants virtual anarchy at ACHS or a dearth of new ideas and viewpoints. The situation cannot be dismissed lightly, and the conclusion of the episode will result in either the amelioration or deterioration of the community.

Carol Lynn Westlund

Editor:
Please accept our thanks for your coverage of our Bible convention held in Gurnee, September 26-28.

No doubt many people read the articles as they appeared in The Antioch News. I know we did here in the Spring Grove congregation as many have told me that they enjoyed them.

We are particularly mindful of the important role that The Antioch News plays in keeping us informed of events in our community. Certainly the news media lends authority and creates interest in the many worthwhile events it covers. We want you to know we are appreciative of your role and we want to convey our best wishes and thanks to you.

Very truly yours,
David L. Mitchell
Presiding Minister
Spring Grove Congregation
of Jehovah's Witnesses

Booster Club Names New Officers

The Falcons Booster Club held its first meeting on Sept. 11, and the following officials were elected: President, Len Scanlan; Vice-President, Dale Merrill, and Secretary-Treasurer, Mrs. James McCormack.

Four trustees were also elected with the right to vote along with the three officers and they are: Bob Baysinger, Alex Nighre, Al Paddock and Roy Beck.

The first money making project was a car wash set for Sept. 27, with a rain date of Oct. 4.

Savings Bond Sale In County \$816,991

Lake county residents purchased a total of \$816,991 in series E and H United States savings bonds and Freedom Shares in August according to Richard F. Kennedy, and Richard D. Newland, Waukegan, general county co-chairmen of the savings bonds committee.

Sales in the state of Illinois were \$26,276,568, according to Clarence S. Sachowski, state director of the Treasury's savings bonds division.

National sales were \$375,000,000 and Illinois sales represented 7% of this amount.

This is the highest percentage of national sales since January of this year when the percentage was 7.4%, and reflects the purchase of over 130,000 new payroll savers in business and industrial firms who were added to the rolls since January first.

The cash value of savings bonds and Freedom Shares outstanding is now \$52.2 billion.

Stanton Gets New Post At Murphy Baber Buick

A new department head has been announced by Murphy Baber Buick Opel.

He is Ray J. Stanton, new service department manager.

Stanton spent 25 years with Packard Motor Division before retiring in 1960 as Minneapolis zone manager. He is a graduate of Fordham University and holds a masters degree in business administration from Columbia.

Stanton now lives in Evanston but will move to Antioch soon. He joined Foley Motors in 1961 as body shop foreman as a temporary arrangement, but the job lasted nine years.

He has two sons, a daughter and an adopted daughter.

Stanton services all makes of cars and the shop hours are 8 a.m. to 5 p.m. Monday through Friday. Ray invites you to come in and get acquainted.

Frank Ruby, parts manager, and assistant to Stanton, came to the area in 1963 and has been with the company for 3½ years. He formerly was at Fox Lake Hills and is well known in the area.

Ruby will handle both wholesale and retail accounts and parts can be delivered to the body shop and service stations within 24 hours. He will stock the largest number of General Motors parts in the area.

Ruby was with GM for 4 years in New York and is a veteran of six years in the Navy.

He will be happy to serve old accounts and new accounts with speed and service.

Ray Stanton

Mayo To Address GOP Women's Club

Robert P. Mayo, Director, of the Budget, Washington, D.C., will be the featured speaker Friday, Oct. 17, at Barrington Hills Country Club. Congressman Robert McClory will introduce the speaker at the 12th Congressional District Women's Republican Club luncheon.

Mayo was named Director-designate of the Bureau of the Budget in December and was sworn in officially by President Nixon with the Cabinet on Jan. 22, 1969.

From 1960 to this appointment, Mayo was Vice President of Continental Illinois National Bank

Mayo

and Trust Co., Chicago, concentrating on trust investments and public affairs.

Prior to that he was a career executive in the Federal Government service in the Office of the Secretary of the Treasury from 1941 to 1960. During this period, Mayo rose from economic analyst to Assistant to the Secretary of the Treasury for Debt Management.

In 1967, Mayo served as Staff Director of the President's Commission on Budget Concepts. From 1938 to 1941 he was Director of Research and Tax Auditor with the state of Washington Tax Commission.

He received his A.B. degree from the University of Washington in 1937, graduating magna cum laude, and in 1938 (from the same university) he received his Master's degree in business administration. He is a charter Financial Analyst and a member of Phi Beta Kappa.

Tickets are available in Cook and Lake Counties from Mrs. Thomas Pettise, Barrington (ph. 312-381-0487), and from Mrs. Henry Nell, McHenry (ph. 815-385-1216).

Saturday, Oct. 11, is the deadline for reservations.

New Senator To Address C of C Meeting

Newly appointed United States Senator Ralph T. Smith has been scheduled to address the 51st Annual Meeting of the Illinois State Chamber of Commerce Thursday, Oct. 16 in Chicago's Conrad Hilton.

Sen. Smith will address the noon luncheon session in the Hilton's International Ballroom. It will be his first major address since appointment to succeed the late Senator Everett M. Dirksen. Theme of the talk is "Mr. Smith Goes to Washington," and will cover the new junior senator's views on key national issues.

More than 3,000 businessmen are expected to attend the all-day annual meeting. At the evening banquet, Senator Vance Hartke (D-Ind.), member of the Senate Finance Committee, and Representative John W. Byrnes

Taxpayers Should Resist Services

Taxpayers who feel the pinch of rising government costs should resist pressures for additional government services, Michael J. Howlett, state Auditor of Public Accounts said Wednesday.

Addressing a "Forward Lunch" of the Waukegan-North Chicago Chamber of Commerce at 621 Belvidere St., Waukegan, Howlett said control of expenditures, rather than increased revenues, is the key to sound government finance.

"State legislatures this year have set a new record for raising taxes," said Howlett. "According to the Tax Foundation, 34 legislatures already have raised taxes \$2.8 billion, and there is legislation pending in some states which could jack it up another \$850 million."

"Of all the states which are raising taxes, Illinois is raising them the most, with increases totaling \$826 million, according to the Foundation figures. I believe their figures are conservative with respect to Illinois."

"We have just embarked upon the biggest taxing and spending program in Illinois history."

"It is more important than ever before to practice austerity in government, to be sure that every dollar of the taxpayers' money is well spent."

"The average citizen must recognize that better government services cost more money—his money. Every time he demands and gets improvements in the schools, better streets, better mental health care, he has to look forward to paying for it."

"If he wants the government to do more about better housing, better street lighting, better drainage, more parks, more books in the public library, he must press for them, with the understanding that taxes will rise and he will have to pay

(R-Wis.), senior Republican on the House Ways and Means Committee, will discuss pending tax reform legislation.

A timely forum on the issues facing the state's forthcoming Constitutional Convention is slated on Thursday morning. Topic of the discussion is "Con Con: Conflict or Compromise?" featuring leaders of the state's major organizations which represent key segments of Illinois citizenry.

Moderator will be John Drury, newscaster for WGN radio and television, Chicago. An analysis of the '70 business outlook will highlight the afternoon forum, featuring eight Illinois business leaders. Also addressing the forum will be Dr. George Katona, director of the survey research center, University of Michigan, an expert on consumer pulse-checking. He will discuss "The Outlook for Consumer Demand."

October 13-17, 1969 has been designated as National School Lunch Week. The menu chosen as a Universal Menu is to be served on Oct. 15, and as follows:

Hamburger on Bun
Buttered green beans
Tossed salad with tomatoes
Fruit cup
Peanut butter cookie
Milk

If all the schools in the nation do serve this menu, 21,000,000 students will be eating the same lunch on the very same day. This will be the menu at Antioch Community High School for that day.

Rotary Club Celebrates First Year

On Monday evening, Sept. 29, 1969, the Antioch Rotary Club celebrated its first anniversary at the Antioch Country Club.

Attendance at the evening meeting was limited to members, their wives, and special guests. Festivities got under way at 6:30 with live music, and a cocktail hour. At 7:30 dinner was served followed by the meeting of the group.

President Owen Duffy got the meeting started with a brief review of the goals attained by the Antioch Rotary Club in its first chartered year. Among these goals were, the founding of an Inter Act Club at the Antioch High School (now the largest Inter Act Club in the State of Illinois), the donation of gifts to the High School paid for by the effort of each Rotarian in selling his allotment of fire extinguishers and, the obtaining of an Exchange Student sponsored by Rotary International.

Guest speaker Doctor Harris of Richmond followed president Duffy with a discussion and display of various ancient coins mentioned in several passages in the Bible.

Columbus discovered a great country. Its citizens made it a great nation.

purpose of the film and my address is to alert teenagers to the effects which alcohol, as well as drugs, may have on their minds and bodies. They should be aware that serious side effects may be experienced from over-indulgence."

Following the presentation, Archer discussed the educational program of the Lake County Council on Alcoholism with Ward Lear, Head, Health and Education Dept., and other teachers. Archer formerly served as a member of the Board of Directors and Secretary of the Council, and now is a member of their speakers' bureau. He has written a brochure on the subject of "Alcoholism in Industry" and has personally counseled many servicemen and civilians.

Archer is employed at the Navy Electronics Supply Office, Great Lakes, Ill., as an equipment specialist in the Provisioning Division. Recently, he was honored by the Secretary of the Navy upon completion of 40 years' service with the Federal Government.

services for the sightless. These include eye surgery, glaucoma screening, braille writers, tape recorders and tapes, transportation.

Not long ago the late Senator Dirksen described a moving example of Lions' help to the blind. Speaking on a telecast from Washington, Dirksen told of an American soldier in Vietnam whose sight was saved by materials from a Lions Eye Bank.

Dirksen went on to say that only 24 hours passed from the time doctors radioed the request for a human eye until they had the needed material. This is another case of the effectiveness of the more than 150 ham radio operators who make up the Eye Bank Network. Operating in

a scarf across her mouth. He then bound her with rope to a wooden chair in the utility room and made her watch as he hanged himself from a joist in the utility room.

Mrs. Fisher managed to free herself and awaken her 12-year-old daughter. She then cut her husband down. Another daughter, 14, and a son were away from home at the time.

Knowledge is excellent, but wisdom is superior. The smart one recognizes water; the wise one knows how to use it.

more than 80 cities, the network provides swift help in emergencies.

Kerfoot went on to say, "Through the Candy Day program we have helped to erase the image of the blind person standing with a tin cup. As an example, computer programming is just one of the fields opening up to blind men and women. The need for a high degree of personal organization and a well developed memory on the part of the sightless makes them ideally fitted for this vocation."

"Frequently experience has shown that blind persons are uniquely suited for certain types of work by virtue of qualities developed in coping with sightlessness."

The Candy Day approach enables the individual to profitably use his strong points for increased confidence and earning power."

Kerfoot added, "Each of the Candy Day program's major projects is growing in size and effectiveness through the persistent efforts of Illinois Lions and the generosity of contributors."

"Last year educational services at Hadley School for the Blind rose nearly 10 percent. This closely reflects the growth in support by Illinois Lions Clubs. More Hadley students and alumni live in Illinois than in any other state. "With the help of Candy Day funds, Hadley is spearheading perfection of electronic devices for reading and traveling. These promise exciting new opportunities for the visually handicapped."

THE ANTIOCH NEWS—3
THURSDAY, OCTOBER 9, 1969

"One of the projects we're all proud of," added Kerfoot, "is Leader Dogs for the Blind, in Rochester, Michigan. This was started 30 years ago by a group of Michigan Lions who had a few hundred dollars, four dogs and a great deal of faith."

"Since then, the school has grown to become the leading institution of its kind in the country. It has trained and placed more than 2,500 dogs with blind persons in the past three decades. Some 366 Leader Dogs have been placed with Illinois residents alone."

"Services for others is the core of our Lions' creed," said Kerfoot. "Many thousands of unselfish man hours are poured into the success of Lions Candy Day for the Blind. This effort pays off with training and expanded opportunities for a significant number of state's visually handicapped."

"As each year's collections have grown, the number of blind persons receiving help has grown, too."

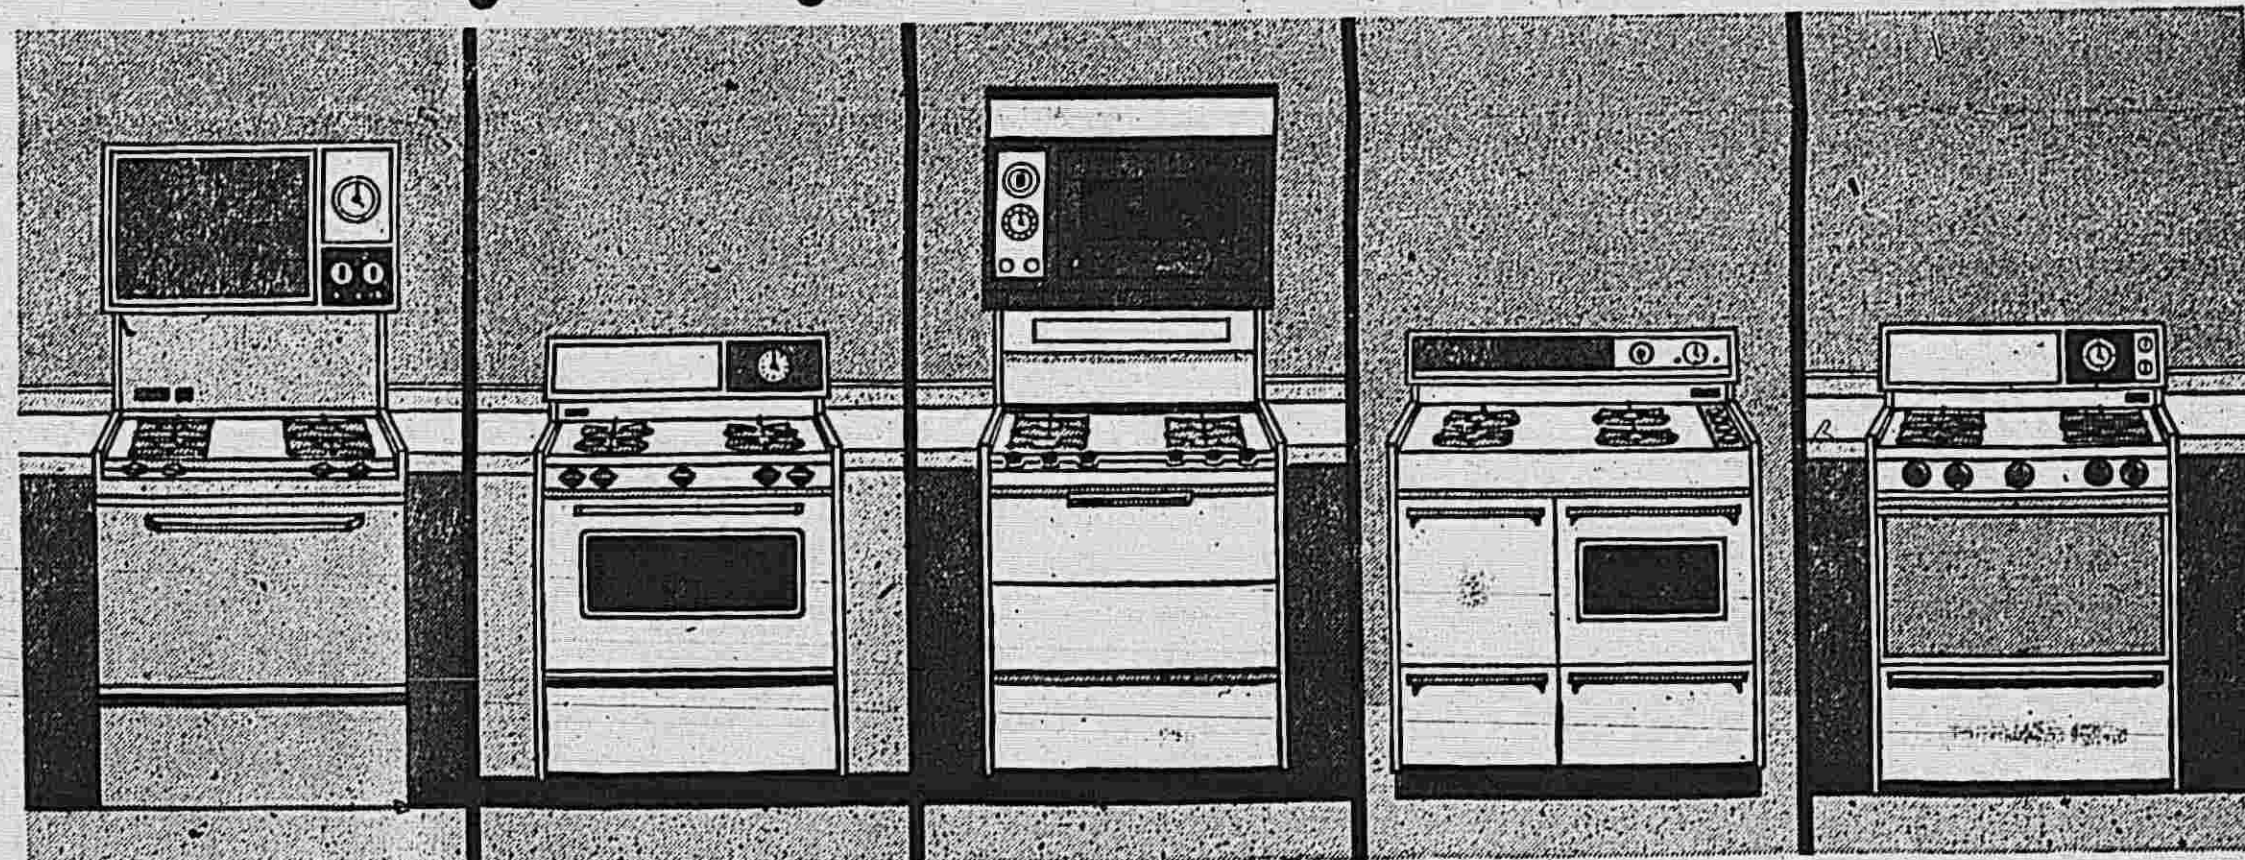

"So, we ask the citizens of Illinois to give generously on Lions Candy Day for the Blind on Friday, October 10th. When you see a Lion wearing a yellow cap and friendly smile on Candy Day, give freely because the first contribution that went into the canister was given by the Lion holding it."

"Help the Lions Help the Blind on Candy Day, Friday, October 10th."

Gas ranges.

You name it...they've got it. Including two kinds of ovens that clean themselves!

Name your style:

Name your features:

- ☐ **Self-cleaning ovens**—They clean themselves on command...for pennies.
- ☐ **Continuous-cleaning ovens**—They clean themselves while you bake.
- ☐ **Removable oven parts**—Choice of removable oven bottom, door, racks, rack supports, side and back oven linings. Linings are available with chrome or non-stick surface coatings, or in disposable aluminum.
- ☐ **Cook-and-hold-oven**—Set it, it cooks the food and then keeps it warm until you're ready to serve.
- ☐ **Low Temperature Oven Control**—"Keep-warm" lets you hold cooked food at serving temperature. Great for thawing frozen food, too.
- ☐ **Conventional broiler**—Broils with the door closed. May be located under oven, in oven or in separate compartment.
- ☐ **Infrared broiler**—Radiant infrared heat cuts broiling time about 50%...seals in juices, browns beautifully.
- ☐ **Automatic meat thermometer**—Insert a probe into the meat and set the control for the degree of doneness. A signal tells you when the roast is ready.
- ☐ **Rotisserie**—Built-in motor rotates the meat...keeps the juices and the flavor in.
- ☐ **Automatic top burner**—Lets you dial accurate temperatures on top of the range...eliminates the need for double boilers for heat critical recipes.
- ☐ **Flame selection**—Single or double burners provide precise heat control.
- ☐ **Removable cooktop**—For easy cleaning, choose a stationary top with removable burner bowls and/or pull-out drip trays...or an entire cooktop that lifts up or off!
- ☐ **Griddle**—Built-in over a large fifth burner (which can be used for routine cooking) or portable (fits over two top burners).
- ☐ **Glass windows**—Oven or broiler windows or doors of clear, patterned, tinted or black glass...some designed to see through only when the oven light is on.
- ☐ **Clock, timer and appliance outlets**—Choice of a self-starting clock, one- or four-hour interval timer and appliance outlet on background panel.
- ☐ **Decorator colors**—Harvest Gold, Avocado, Copptone. And white, of course.
- ☐ **Economy**—Standard equipment on all gas ranges.

There's a lot more in store for you in a modern gas range. Take this shopping list to your appliance dealer and see. Or call us—the number is listed in your telephone book under "Northern Illinois Gas Company."

Mrs. William Mount of Libertyville coaches Allendale boy on his Chapel talk for Allendale Day, Open House, Sunday, October 19 at 3:30 p.m. at the Allendale School for Boys, Lake Villa. Mrs. Mount, co-chairman of Allendale Day and chairman of the Allendale Service League was recently chosen one of the "Outstanding Young Women of America."

Edward Abderholden Receives Citation

Edward C. Abderholden, the son of Dr. and Mrs. E. R. Abderholden, is one of 13 students at

Abderholden

Campion High School to receive a Letter of Commendation honoring them for their high performance on the 1969 National Merit Scholarship Qualifying Test.

They are among 39,000 students in the United States who scored in the upper 2 per cent of those who are expected to graduate from high school in 1970.

Edward's extra-curricular activities for his senior year include Senior Class Vice President, Associate Editor of the school newspaper, Captain R.O.T.C., library prefect and teacher assistant in Biology.

Secretaries Set Dinner For Oct. 9

The Lake County Legal Secretaries Association presents its Third Annual Ladies Night at 6:30 p.m. Thursday, Oct. 9, at "The Pepper", 50 S. Greenway Road, Waukegan.

Guest speaker will be Mrs. Barbara Stafford Maddock, former Chicago model, fashion coordinator, lecturer, and brings to her listeners a capsule sized finishing and personal development course.

Included in her lecture will be many ways of accessorizing your wardrobe for home and career, current trends in fashion and how to edit them, the evaluation, purchase, and care of hair pieces, the art of tastefully applied make-up and suggestions for improving visual poise and self confidence.

All secretaries in the legal professional field interested in joining this association or in obtaining more information about it, may call the membership chairman, Sue Millmore, 688-6100 x 1586 days.

Sequoia Warriors Hold Meeting

The Sequoia Warriors held their first meeting of the season Saturday, Oct. 4, at the home of Mrs. E. Hevdejs.

The Warriors selected Conservation for their first project. Allison Hevdejs will be their leader.

Officers for the coming year were chosen. They are: President, John Davis; Vice President, Michael Harnen; Secretary, Tom Hevdejs; Treasurer, Lance Buchta; Sergeant-at-Arms, Richard Larson; Recreation, Tom Healy; Reporter, Jim Springer. Some of the work required for the project was begun, after which refreshments were served. Tom Hevdejs was refreshment chairman.

Fire Department To Have Open House

Fire Chief Charles P. Maples is inviting everyone in the Antioch area to Open House at the Antioch fire station on Friday, Oct. 10 at 7 p.m.

A tour of the building will be given along with viewing the equipment used by the firemen. Questions concerning fire fighting and fire prevention will be answered.

Theatre Party To Benefit UNICEF

The 3rd annual United Theatre Party will be held Saturday, Nov. 1 at 2 p.m. in the Antioch Theatre. It will be an all Cartoon Show with proceeds going to UNICEF.

The show is sponsored by the Antioch Methodist Church, Mrs. Margo Laude, chairman.

Merchants will be asked to purchase tickets which may be distributed to children's homes throughout the area.

Emmons Parents Club To Hold Fashion Show

The Emmons Grade School Parents Club will have a Fall Festival of Fashion presented by Olson's of Grayslake, on Wednesday, Oct. 15, at 8 p.m. in the Grayslake High School.

Also presented with the Around the World Fashions by TWA with Mary Gordon as commentator.

Tickets may be purchased by calling Mrs. Ron Marotta, 395-2429. Refreshments will be served and all proceeds will go to the benefit of Emmons School.

Mother Of Twins Club Plans Party

A costume party is being planned for the Lake County Mothers of Twins club at 8 p.m. on Thursday, Oct. 16 at the YWCA, 445 N. Genesee St., Waukegan.

The program will consist of movie clips of the club's activities for the year. Hostesses for the evening will be Mrs. Leonard Dahlbo, Mrs. Keith Harris, and Mrs. Gene Hawkins, all of Waukegan.

Instead of the traditional Halloween party for the children in the group, the children, in costume, will pass out "trick or treat" favors to the local nursing homes prior to the week of Halloween.

THURSDAY, OCTOBER 9, 1969 THE ANTIOCH NEWS—4

Salem Student Semifinalist For Awards

Vaughn Sorenson, principal at Central High School in Salem, has announced that Douglas W. Buettner, son of Mr. and Mrs. Dwayne Buettner, Route 1, Salem, Wis., has qualified as a semi-finalist in the 1969-70 National Merit Scholarship Program.

About 750,000 students in 17,250 schools nationwide participated. Of that number 15,000 semifinalists were chosen.

They will compete for about 3,000 merit scholarships to be awarded in 1970.

The semifinalists are representative of the country's most intellectual, able young people, according to Edward C. Smith, president of the National Merit Scholarship Corporation (NMSC).

"From this group will come many future leaders in business, industry, and the professions." About 97 per cent of the semifinalists are expected to become finalists, and each will be considered for one of the 1,000 National Merit \$1,000 Scholarships which are allocated by state.

Names of the 1969-70 merit Scholarship winners will be announced April 30, 1970. To date 21,000 students have received Merit Scholarships in the fourteen annual programs. About 67 millions-of-dollars-in financial assistance has been expended or committed through the merit program.

Bridal Shower Honors Sue Vos

Miss Sue Ellen Vos was honored at a buffet supper bridal shower given by Miss Linda Toepper at the Brave Bull on Monday evening, Oct. 6th.

Miss Toepper is Sue Ellen's niece and will be her maid of honor.

The shower was attended by 40 friends and relatives and Sue Ellen received many lovely gifts.

Sue Ellen, the daughter of Mrs. Cletus C. Vos, will be married on Oct. 25th to Mr. Donald Andrew Johnson at St. Peter's Church.

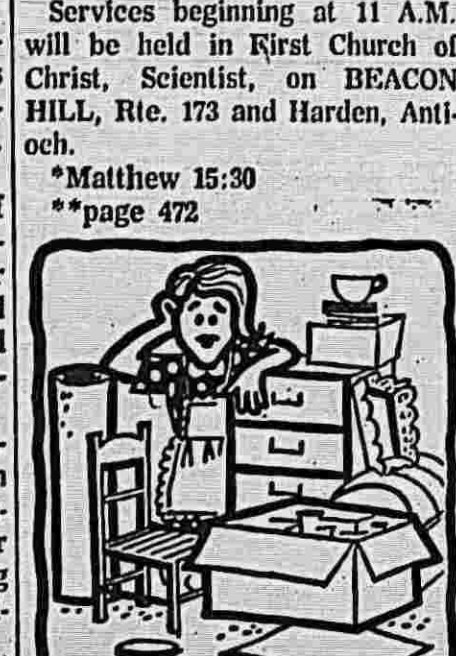

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon to be read this Sunday in all Christian Science churches. The public is welcome to attend.

"And great multitudes came unto him, having with them those that were lame, blind, dumb, maimed, and many others, and cast them down at Jesus' feet; and he healed them." This passage from Matthew is included in the sermon. One of the correlative passages from the denominational textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy, is as follows: "Sickness, sin, and death, being inharmonious, do not originate in God nor belong to His Government. His law, rightly understood, destroys them."

Services beginning at 11 A.M. will be held in First Church of Christ, Scientist, on BEACON HILL, Rte. 173 and Harden, Antioch.

*Matthew 15:30

JUST ARRIVED?

We've no red carpet to roll out; no brass band to serenade you. But we can help you with names and locations of schools, lists of community facilities, shopping information and all the other things you'll want to know about your new home town. A Welcome Wagon hostess will visit your convenience to provide all this and gifts as well.

It's all yours—free—for a telephone call to Welcome Wagon at

Lakeside Rebekah Lodge No.82

By Del Jahneke

The Lakeside Rebekah Lodge No. 82 will hold its annual Installation of Officers on Oct. 15, at 8:00 p.m. at the Antioch American Legion Home. Mrs. Walter Buchert, retiring Noble Grand, said that there will be a regular business meeting for lodge members only, to be held at 7:30 p.m., before the installation.

Mrs. John Hagen will be the new Noble Grand. Other officers, both elective and appointive are as follows: Vice Grand, Mrs. Arland Clark; Recording Secretary, Mrs. Clarence Larsen; Financial Secretary, Mrs. Harold Ellis; Treasurer, Mrs. Anton Johnson; Warden, Mrs. Ralph Fields; Conductor, Mrs. Clarence Perkins; Chaplain, Mrs. Frieda Wertz; Left Supporter to the Noble Grand Mrs. Lillian Hand; Right Supporter to the Noble Grand, Mrs. Charles Ferris; Out-

side Guardian, Clarence Perkins; Right Supporter to the Vice Grand, Mrs. Floyd Horton; and Left Supporter to the Vice Grand, Mrs. Edna Rathmann.

This installation is open to the public, and the officers will be installed by District Three Officers.

Where The Boys Are

WITH THE U.S. COMBAT AIR FORCES in the Western Pacific—Sergeant Glenn M. Young, son of Mr. and Mrs. Kenneth F. Young of Lake Villa, Ill., is now on temporary duty with the 4133rd Bomb Wing at a forward base in the Western Pacific.

Sergeant Young, a jet engine mechanic, supports B-52 Stratofortress bombing missions against enemy targets, KC-135 Stratotanker missions that provide aerial refueling to the B-52's and fighter and reconnaissance aircraft conducting the air war over South Vietnam.

He is permanently assigned to the Strategic Air Command's 821st Strategic Aerospace Division at Ellsworth AFB, S. Dak.

The sergeant, a graduate of Antioch High School, earned his associates degree from Milwaukee Institute of Technology.

'Odd Couple' Promises Good Audience Reaction

If rehearsals are any indication of the quality of a production, Palette, Masque & Lyre's "The Odd Couple", to be presented on October 17, 18, 24, and 25, at 8:30 p.m., should be a complete success.

The actors and crew spend most of their evenings at the PM&L Theatre laughing at the clever lines written by Neil Simon.

And everyone agrees that Al Ramsay and Don Beveroth are as funny as Jack Lemmon and Walter Matthau who played these parts in the movie version.

But it's no wonder that Al and Don fit so well into the parts of

Felix and Oscar. They've been hoping for two years to win these roles, and have been working on character development all that time.

Donald's most memorable PM&L performances have been as the mule king in "Once Upon a Mattress," Mr. Bumble in "Oliver," and Pseudelus in "A Funny Thing Happened on the Way to the Forum." He also has directed several plays and is on the Board of Directors.

Alastair's numerous credits include Grandfather in "Heidi," Freud in "A Far Country," and Fagan in "Oliver." In addition to directing and working backstage, he is also Vice President of PM&L.

"The Odd Couple" is a comedy about two divorced men who try being apartment mates, but find that coping with a buddy can have as many problems as living with a nagging wife. The only women in the play are Sydney George of Kenosha and Nancy Welsh of Silver Lake. They play the "Coo-Coo" Pigeon sisters who try to have a quiet

dinner date with Felix and Oscar.

Sydney has appeared in many productions in Kenosha, and has played Mary in "Little Mary Sunshine" and Nelly in "South Pacific" for PM&L. This is Nancy's first stage appearance outside college productions, but she has developed a believable accent.

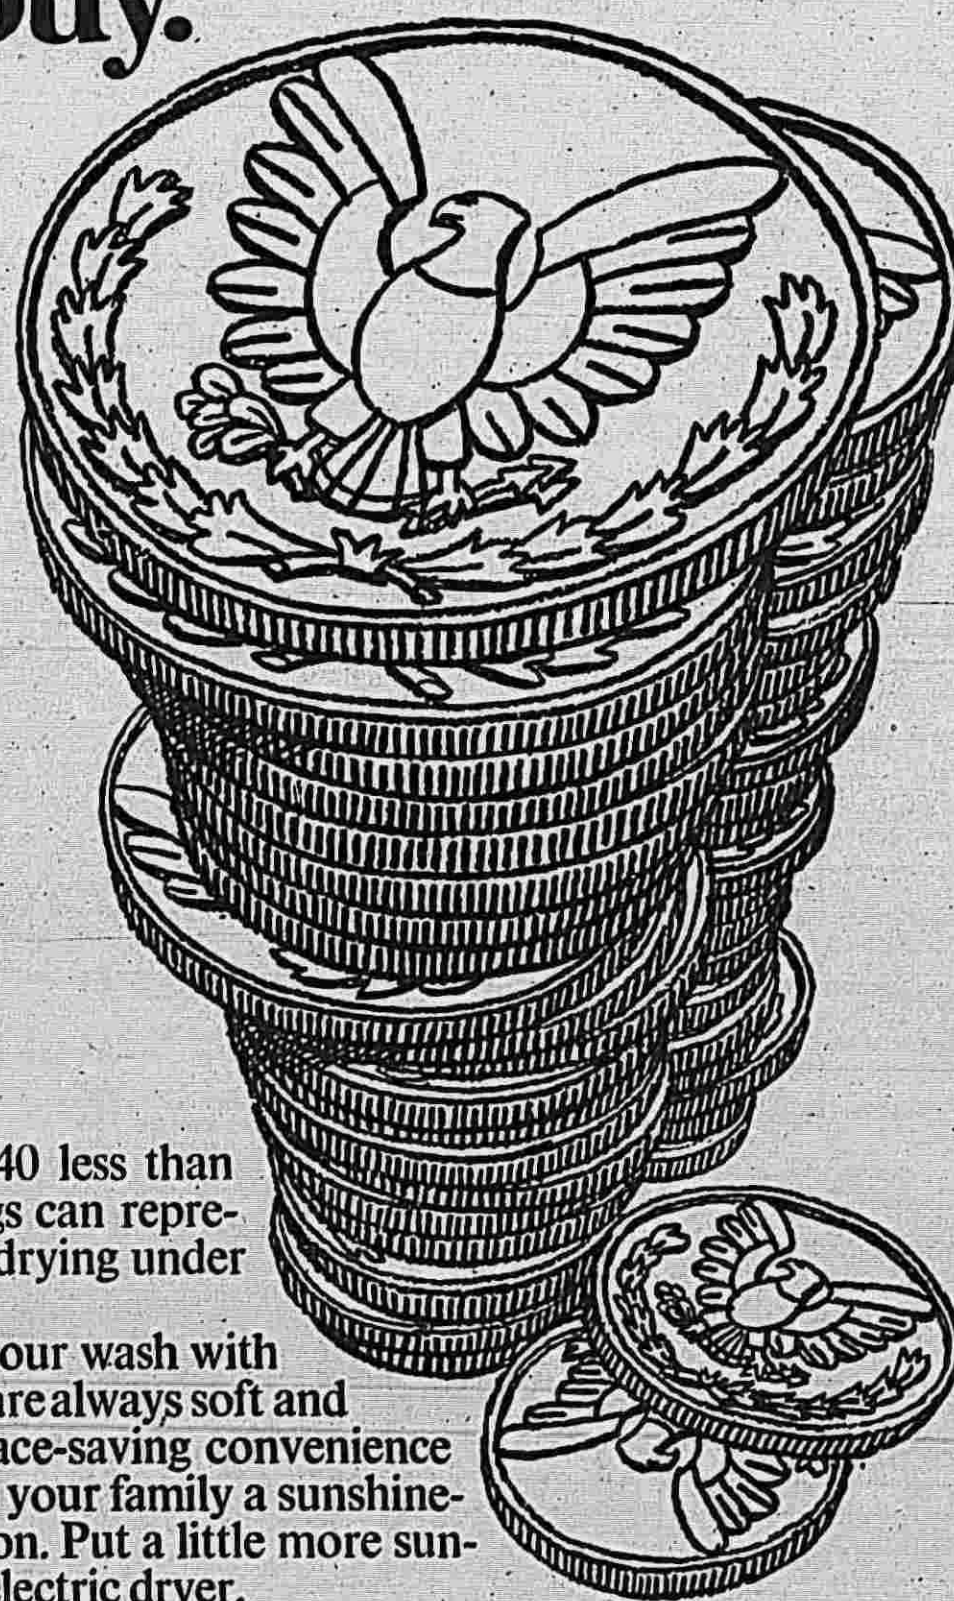

The couple's four cranky poker playing pals are acted by Harold Springer, Rich Irmen, Josef Hunley, and Hank Apostal. This is Harold's stage debut, but he has often worked backstage. Rich has had major roles in many PM&L productions including "My Sister Elleen," "Little Mary Sunshine," and "A Funny Thing Happened on the Way to the Forum." Joe is immediate past president, director of a number of PM&L dramas, and a noted actor. Hank has appeared in "Heidi," "Room Service," and "Never Too Late," while serving as tight-fisted treasurer.

For tickets to the productions of Oct. 17, 18, 24, and 25 call 395-0539 or 395-1217.

This is a rehearsal scene from the PM&L production of the Odd Couple. They include, from left, Harold Springer, Josef Hunley, Rich Irmen and Hank Apostal, all of Antioch.

40 reasons why the electric dryer stacks up as a better buy.

Electric dryers are priced up to \$40 less than comparable gas models. This savings can represent about three years of cost-free drying under average family use.

The electric dryer surrounds your wash with gentle radiant heat, so your clothes are always soft and wrinkle-free. The economy and space-saving convenience of electric dryers enable you to give your family a sunshine-free wash, day or night, in any season. Put a little more sunshine in your life—the new, radiant electric dryer.

Commonwealth Edison Company.

The bright new ideas are Electric.

MOOSE TOPICS

By Lillian Birdsell

When you can see a turn out, such as there was for John Roach's benefit dance, you can realize how warm hearted people can be when it comes to helping a brother in need. As most of the members know, John had a very serious operation which will keep him confined for sometime to come, and all proceeds from this dance will help his hospital bill since he has no insurance. Governor Jerry Kusch, in speaking for himself and the board of officers of the Antioch Moose, could only thank the members for their tremendous support and to let them know how much their kindness was appreciated in this time of need. With the rates that exist in the hospitals now days, every little bit helps a great deal. Even though John may not know for some time to come what his brother members did for him, he will when he recovers and be forever grateful, I am sure.

There should have been just as much enthusiasm at the Red Seal award night which was held on Saturday evening, Oct. 4, the night following the benefit dance. As it turned out, just a few members were present to receive their awards and so the ones who were not present on Saturday night can pick up their awards following any regularly scheduled lodge meeting.

The annual Boy Scouts' Spaghetti dinner will be held at the Antioch Moose Home on Sunday, Oct. 12, starting at noon and continued till 7. This has always received the support of most every one in Antioch, and it is hoped that it will be the same this year. What better way can you help support this good that is done for our boys, except to attend the dinner. All proceeds go to further the progress of the Boy Scout organization which is well known as a good cause.

A dinner will be served in honor of Gene Hanner, Past North Moose of the Legion at the Antioch Moose Home on Saturday evening, Oct. 11. Every member is invited to attend and all Legionnaires should be present at this doings. Tickets are available from the club room and donations are \$2.50 per plate. Entertainment has been planned following the dinner and music will be had for dancing. Gene Hanner has served in the chair of North Moose of Winner Legion 74 for two years, and the members of the Antioch Moose can show their appreciation by attending this dinner for him. Serving time is at 6:30 p.m.

Altar And Rosary Society Meets

The Altar and Rosary Society met Oct. 6th for a meeting and Halloween party. It was announced that 40 pounds of cookies and ten cakes were taken to the Servicemen's center in Waukegan. The upcoming dinner dance to be held at the Antioch Country Club Nov. 22 was discussed by special guest Mrs. F. ReCupido.

The basic idea conveyed was that the dinner dance will offer a way for all of Antioch to give thanks collectively for our many blessings and at the same time benefit St. Peter's School, as all proceeds will be used for the school.

Father Henderson's birthday was celebrated with a gift from the ladies.

Fun packed Halloween games were provided by co-chairmen Jean Proctor and Irene Bednar providing a trip through Bluebeard's Den, a house of terror. Prizes for the various games were won by Marie Esser, Shirley Gutowski, Terry Hanson, Ruth Reband, Emile Milowski, Helen Thomas, Evelyn Freund, Harriet Peason, Elaine Layton, Mrs. Hennessy, and others.

Prizes for best costumes went to Evelyn Freund, a charming scarecrow, Helen Thomas, a happy hobo, and Helen Zeien, a very convincing witch.

Refreshments were served by Elaine Layton and Pat Schreiber. Father Henderson, Ruth Reband, Marie Esser, Jean Proctor, and Florence Morin recently attended a luncheon at the Conrad Hilton in Chicago for the A.C.C.W. From all reports it was a great afternoon.

Mitzi Gaynor Show Set For October 13

The first of the season's television specials sponsored by America's Gas Industry will be presented on Monday evening, October 13.

The hour-long musical featuring Mitzi Gaynor will be shown in color over NBC at 9 p.m. (CST). "The New Mitzi Show" will be presented locally by Northern Illinois Gas Company.

Officers Named For 4-H Club

Our first 4-H business meeting was held Oct. 2 at Mrs. Hevred's home at 7 p.m. Thursday.

Mrs. Hevred introduced and welcomed the three new junior leaders and three new 4-H members.

The junior leaders are: Joanne Apostol, Joan Harmon, Alison Hevred. The new members are: Lynette Hamlin, Dorothy Emmerich, Marie Letourneau.

Next we chose our officers and chairmen. The officers are: President, Mary Steffenbourg; Vice-Pres., Diana Rentner; Secretary, Susan Hevred; Reporter, Wanda Springer; Sgt.-at-Arms, Rosemary Sheske; Chairmen: Program, Leann Buchta; Recreation, Debbie Broecker; Christmas Cookie, Julie Healy; Share-the-Fun, Joanne Apostol; Fair Booth, Joan Harmon; Tour, Roslin Sheske; 4-H National Club Week, Nancy Springer; Song, Debbie Rentner; 4-H Historian, Alison Hevred. The meeting was adjourned and refreshments were served.

Legion Auxiliary

By Del Jahneke

The regular meeting of the Antioch American Legion Auxiliary No. 748 will be held on Monday, Oct. 13, at 8:00 p.m., at the Antioch American Legion Home. Mrs. Ray Rathmann, President, will conduct the meeting.

Mrs. Rathman has announced her chairmanship appointments for the ensuing year, who are:

Americanism, Mrs. Walter Hills; Auxiliary Loan, Education and Scholarship, Mrs. Frank Kennedy; By-Laws & Revisions, Mrs. John L. Horan; Child Welfare, Mrs. William Dowden; Civil Defense, Mrs. Lester Zitkus; Community Service, Mrs. Samuel Pettigrew; Coupons, Mrs. Ralph Fields; Foreign Relations, Mrs. Joseph Horton; Gold Star, Mrs. Earl Horton; Illini Girl's State, Mrs. Joseph Horton; Junior Activities, Mrs. Bernard DeVries; Legislative, Mrs. Zitkus; Membership, Mrs. Trudi Nelson; Member's Liaison, Mrs. R. Rathmann; Music, Mrs. Zitkus; National Security, Mrs. John W. Horan; Past President's Parley, Mrs. Bernard Stadick; Poppy, Mrs. DeVries; Publicity, Mrs. Jahneke; Rehabilitation, Mrs. R. Rathmann; and Veteran's Craft, Mrs. Edna Rathmann.

All members are cordially invited to attend this meeting, as there will be many programs to be discussed, and new business to be transacted. The hostess chairman is Mrs. J. W. Horan, with Mrs. Dan Lightsey and Mrs. Margaret Gaston as committee members.

The 10th District "Juniors" of the American Legion Auxiliary will hold their meeting at the Antioch American Legion Home, on Oct. 24, at 8 p.m. Many of the District Chairmen plan to attend to demonstrate to the junior members just how much they can accomplish in many of the auxiliary programs.

All juniors in Lake County, regardless of whether they are in an organized group or not, are invited guests, according to Mrs. Richard Stasney, Mundelein, District Junior Activities Chairman. Each unit is asked to bring a game, preferably one with a Halloween theme, that all members may participate in. If any further information is needed, please contact Mrs. Rathmann or Mrs. DeVries.

The first Board Meeting of the 10th District American Legion Auxiliary will be at the Deerfield American Legion Home, at 8:00 p.m., on Oct. 27th. All unit presidents are asked to this meeting, as well as the district officers and chairmen.

On Nov. 12th, the 10th District Auxiliary will hold their regular meeting for all delegates, alternates and members, at the Vernon American Legion Home, in Prairie View, at 8:00 p.m. Mrs. John Mould, Wauconda, District officers and chairmen.

Central Girls Rummage Sale Sat., Oct. 18

On Saturday, Oct. 18, members of the Girls' Athletic Association will sponsor a rummage sale in the cafeteria of the school.

Clothing, knick-knacks, utensils, books, toys will be on sale at a low cost. Attend the Rummage sale—from 9 a.m. until 4 p.m. and help the GAA girls.

Mrs. Judy Zavacke and Miss Janet Konow are in charge of the sale.

Illinois 4-H Foundation Drive Begins

Bankers, business executives and 4-H alumni are helping Illinois' more than 115,000 4-H members "Make the Best Better," says Mrs. Melbourne Mudd, 414 Meadow Lane, Libertyville. Mrs. Mudd is Lake County's coordinator for the Illinois 4-H Foundation's fund campaign.

Each year, 4-H programs statewide benefit from contributions to the Illinois 4-H Foundation. The 1969 drive gets under way during National 4-H Week, Oct. 5-11.

Illinois 4-H Foundation Corporation members such as Mrs. Mudd are coordinating the drive in 76 counties.

The Illinois 4-H Foundation is made up of representatives from business and industry, farmers, homemakers, 4-H and the Cooperative Extension Service advisory staff. Foundation funds help support many of 4-H's educational, international and recognition and award programs.

Foundation funds are used to support such educational programs as the State Seisuereralt and Counseling Camp for leaders and to send members to the National 4-H Conference, Washington, D. C.; the American Youth Federation, Leadership Camp, Stony Creek, Mich.; and the National Junior Horticultural Association's annual meeting, Atlanta, Ga.

Other foundation funds help train Illinois dairy, livestock, poultry and vegetable judging contests.

Last year, six Illinois 4-H members were awarded trips to the National 4-H Congress, Chicago, and more than 1,300 were given State Outstanding Member medals from Foundation. The Illinois 4-H Foundation provides partial support for 4-H's International Farm Youth Exchange. Six Illinois IFYE's are now living with host families in Germany, the Philippines, Botswana, India, Ceylon and Japan. One of them, John Bonner of Millburn, is now in Germany as an IFYE.

Foundation funds also provided orientation for 26 Illinois teenagers who took part in 4-H Teen Caravans to Europe, Venezuela and Japan this past summer. This year's Foundation budget is a record high \$24,000. Some of this will go to new Foundation programs including a county grant program to encourage work with disadvantaged and handicapped youngsters. TV promotion spots and a new programmed-learning 4-H manual are also being developed.

National 4-H Club Week On

The 1500 members of Lake County 4-H Clubs are celebrating National 4-H Club Week October 5-11. These 4-H boys and girls are learning a variety of new skills and experiences.

City youths and their country cousins have more in common these days. They all belong to 4-H. Today, only about 1/3 of Illinois' 75,000 4-H members live on farms. Another 1/3, nearly 25,000 members, live in cities.

The remaining 1/3 live in small towns and villages.

Illinois' 4-H'ers join nearly 3,500,000 other 4-H'ers across the nation in observing National 4-H week, Oct. 5-11. The theme for this year's observance is "4-H: Opportunity for All." 4-H's image—that of primarily a rural youth organization—has changed in one of serving young people wherever they live.

When 4-H began 55 years ago, it was primarily livestock-crop clubs and cooking-sewing clubs to help rural young people improve their farm living. As populations shifted and cities grew, 4-H programs changed to meet new needs.

Some of the fast-growing projects that appeal to both city and farm youths are arts and crafts, automotive safety, small engine

care, room improvement, food and nutrition, baby care, bicycling, photography, consumer education, geology, electricity, and conservation. Even the older, more traditional 4-H projects have a new dimension. Teenagers in 4-H still raise prize-winning livestock and crops and sew fine stylish clothes. But now, they use the latest in science and technology as aids to project work. Projects, however, are only part of today's 4-H story.

Club work adds poise and confidence to a teenager's abilities. Members grow accustomed to public appearances as they exhibit projects, give talks and demonstrations and appear on 4-H programs.

Club members get a chance to see democracy in action in their

club meetings and at the annual State 4-H Week. They become better citizens through community service projects such as highway beautification and clean-up campaigns.

Many 4-H members travel. Trips to the National 4-H Congress in Chicago and to the National Conference in Washington, D.C. are just two of the many trips awarded outstanding 4-H members each year.

Older members may also participate in world-wide experiences through the 4-H Teen Caravan and the International Farm Youth Exchange programs.

And 4-H is fun. Youthful enthusiasm finds many outlets through music, sports, games, talent contests and camping.

Anyone, between 9 and 19, anywhere can join 4-H. Contact

FUNERAL NOTICES

ROBERT E. KRIEMANN
Robert E. Kriemann, 60 years old of Eagle Creek Subdivision near Ingleside, Ill., passed away Friday, Oct. 3rd, at St. Therese Hospital at 1:00 a.m. He was born March 15, 1889 in Chicago and resided there until moving to Ingleside in 1930. He was working as a shipping clerk at Anchor Coupling Company for 23 years. He married Geraldine Baulz on Dec. 27, 1941.

Survivors are his wife, Geraldine, one daughter, Mrs. Joan (Donald) Miller, Ingleside, Ill., four grandchildren and many nieces and nephews. He was preceded in death by five brothers and one sister.

Funeral services were held at 11 a.m. Monday, Oct. 6th, at the Strang Funeral Home in Antioch. Rev. Harold J. Knappe of Trinity Ev. Lutheran Church officiated. Interment was in Fox Lake Cemetery. Friends called at the funeral home after 2 p.m. Sunday.

MRS. MARIE A. HAMLIN
Mrs. Marie A. Hamlin, 87 years old of Cedar Ave., Lake Villa passed away on Wednesday, Oct. 1st, at Venetian Manor Nursing Home. She was born April 5, 1882 in Chicago and moved to Lake Villa in 1900. She was a charter member of Cedar Lake Camp of the Royal Neighbors of America, and the Lake Villa Community Methodist Church.

She was preceded in death by her husband Fred Hamlin in 1943 and one son, Bernard Clayton Hamlin in 1960. Survivors are three grandchildren and five

Daniels Resigns

(Continued from page one)
Salle Street in Chicago. The railroad said it wants to replace the station agent with traveling depot agent who will call on its Antioch customers once or twice during the week. The salesman will be responsible for coverage of six depot areas serviced by the railroad, according to the mayor.

The trustees approved April 5, 1970, as Cancer Sunday at the request of the American Cancer Society and authorized the Cere-

bral Palsy Association to conduct a 53-minute March Jan. 11, 1970.

Barnstable reported at the meeting he has received an inquiry from residents as to when the village will annex Felter's Subdivision in the western part of the village. He admitted them that it was contingent on them sharing in the costs of the installing sewer and water line that will run in the direction of the new Upper Grade School.

"I think you'll see a lot of the small subdivisions wanting to come into the village, the mayor said. "The residents are having septic problems."

The trustees authorized the payment of \$15,065 to the M&S Construction Co. of Geneva for completion of the Harden Street sewer extension program, and \$1,245 to the Applied Engineering Co. for work in connection with the same project.

The trustees allowed \$2,082.03 to be paid the Soo Line Railroad for a portion of the cost of installing a flasher light at the Ida Street crossing.

The police report for September showed that 159 parking meter violation citations were issued; 44 traffic arrests were made; 17 accidents were listed; 11 cases of theft and burglary; two vandalism incidents and one bicycle stolen.

The department also handled three juvenile cases during the month.

The trustees authorized Clerk Marilyn Stenzel to invest \$44,000 in unused village funds in treasury notes. The money comes from various accounts.

County Gets

(Continued from page one)
by giving them unrestricted financial assistance for any purpose.

Depke says it is too early to determine the exact amount the county will receive annually from the income tax. However, projection figures for 1970 indicate a return of about \$800,000. This is based on a population in the unincorporated area of about 133,400 people.

The chairman went on to say, "I hasten to point out that a recently signed bill eliminating personal property tax on one household of furniture and one car will ultimately cause a deficiency of funds for many of the various taxing bodies throughout the county, which will not be made up through the income tax. If the \$1.5 million from individual personal property tax now coming to the county is compared to the anticipated return of \$800,000 from income tax, you can figure the county will be short \$700,000. I would not like to think this entire burden must be shifted to the homeowner."

Depke said he is not sorry to see the personal property tax go, but on the other hand is disappointed that the legislature did not anticipate the problems its elimination will create for local school, park, sanitary districts and townships, and make some provision for returns out of income tax for these public bodies.

Pick Judges For October Art Show

Judges for "October Palette, the Best of 1969" have been announced by the Fine Arts Committee of Northern Illinois Gas Company and the Executive Board of the West Suburban Fine Arts Alliance.

Together, they are assembling works of all blue ribbon winners of 1969 Chicago and art fairs for a special showing in N.I.G.A.'s general office, Route 59 and the East-West Tollway, near Aurora. The two-day show will be held October 11 and 12.

The judges are Harold Patton, Manager of the Sears Vincent Price Gallery in Chicago; Irving Shapiro, Director of the American Academy of Art, Chicago; and Carl Stohn, Jr., producer for Pheasant Run Playhouse, St. Charles.

More than 300 pieces of original art works in watercolors, oils and sculpture will be judged on Saturday, Oct. 11, and awards will be presented in a formal ceremony on Sunday, Oct. 12. The exhibit will be open to the public from 10 a.m. to 5 p.m. each day.

The exhibiting artists will represent the sixteen art leagues of the Alliance, as well as leagues from the northern and southern suburbs and from out-of-state. Among the artists are gold medal winners of the Palette and Chisel; winners of the University of Illinois regional and state awards; and popular-vote winners at the Illinois State Fair.

Have no fear that your life will end. Rather fear that you may not have learned how to live. Consideration is another expression of love.

Mental Health Group Is Ready For Service

With its staff at full strength within budget limitations for the first time in several months, the Lake County Mental Health Center has recently informed Lake County physicians, clergymen and schools of its readiness to serve Lake County residents who can benefit from the services of the Center.

The Center employs psychiatrists, clinical psychologists and psychiatric social workers, who provide diagnostic, treatment and aftercare services to children and adults whose behavior has become a problem to themselves or to those around them. (A business manager, mental health educator and several secretarial employees complete the staff.)

As well as offering direct services to individuals and their families, the Center is available for consultation to members of allied professions—for example, school counselors, practicing physicians, ministers and workers in other agencies.

All members of the clinical staff participate in diagnosis, treatment, aftercare and consultation, but the social workers have particular responsibility for intake—the process that begins with the first inquiry and continues either until the case is assigned for treatment or until it is closed following intake. A case may be closed after the intake process for any one of several reasons; sometimes treatment is unnecessary, sometimes a different source of help is more appropriate than the Center, and sometimes the applicant himself is not ready to follow the staff's recommendation.

When a person telephones the Center for an appointment or for information, he speaks first to a social worker, who will discuss with him the problem that prompted the call. Together the caller and the social worker will

determine whether the problem is one that the Center may be able to help with, or whether some other source of assistance in the community would be better. If the Center is appropriate, the social worker will arrange an appointment.

The social work department has four full-time employees, all members of the National Association of Social Workers.

Chief social worker is Mrs. Helen G. Baldwin, who holds a master's degree in social work from the University of Wisconsin. She came to Lake County from a position as District Director of Lutheran Social Services of Wisconsin and Upper Michigan. She is a member of the Academy of Certified Social Workers, an organization that is open to professional social workers after at least two years of approved supervisory experience.

Mrs. Eleanor Byrd received her master of social work degree from the University of British Columbia. Her previous experience included casework and supervisory positions with a variety of governmental and voluntary agencies. She is certified by ACSW.

Mrs. Linda Garlick is a 1969 graduate of the Columbia University School of Social Work. Her fieldwork experience was in a family counseling unit of a church-related welfare agency, and in a child guidance clinic, both in New York City.

Most recent addition to the staff is Dennis L. Riefer. His professional training was completed at Western Reserve University School of Applied Social Sciences, from which he holds a master's degree in social service administration. He is a member of ACSW and comes to Lake County from Porter County Guidance Clinic in Valparaiso.

Indiana

The Lake County Mental Health Center is located at 201 Liberty Street, Waukegan, and is open 9 a.m. to 5 p.m., Monday through Friday. Service is offered on certain days in the Libertyville and Antioch branch offices and some evening and Saturday appointments are available. All inquiries and appointments are made through the Waukegan office, 623-4134.

Thomas N. Davis, M.D., is Center Medical Director. The Lake County Mental Health Center is a United Fund Agency, supported also by patient fees (based on ability to pay), a contract with the Lake County Health Department, voluntary contributions through the Lake County Mental Health Society, Inc., and its Antioch Mental Health Auxiliary, and by a grant-in-aid from the Illinois Department of Mental Health.

Two Antioch Youths At Milwaukee School

TWO graduates of Antioch High School have registered at Milwaukee School of Engineering for the Fall Quarter. They are:

Don Jackson, Jr., son of Mr. and Mrs. Don Jackson, 2402 Rosefree Lane, Lindenhurst; and Raymond M. Hamel, son of Mr. and Mrs. Raymond Hamel, Rte. 4, Antioch.

A total of 1,638 students have registered for the Fall Quarter at Milwaukee School of Engineering, 520 registering for the first time.

Each must do his own reaching. Poverty is a condition, not a disgrace. It is disgraceful only if nothing is done about the condition.

County Board Revision Bill Signed

Three members of the Lake County Board of Supervisors were present Thursday, Oct. 2, in Chicago when Governor Richard Ogilvie signed several House bills affecting county government.

The new law requires county boards under township organization, such as Lake County, with less than 3,000,000 residents to reapportion by July 1, 1971, and each 10 years thereafter. It further provides for a county reapportionment commission to act if the board fails to reapportion.

Under the law, counties affected may have between five and twenty-nine member boards, elected at large or by districts; members must be elected at large if the board and commission both fail to agree on districts.

It stipulates that districts be of the same population, with one board member elected from each district, and permits a county board to provide for the election of the board chairman by voters of the county.

Present for the signing were Lake County Board Chairman Robert W. Depke, Supervisor Joseph Welch of Cuba Township, currently serving as president of the Township Officials Assn. of Illinois; and Supervisor Bruce Frost of Deerfield Township, chairman of the board's Taxation and Elections Committee who was one of the originators of the weighted vote proposal in the county. Not acted upon as yet is Senate Bill 490 which allows weighted voting.

Initial legal interpretations of the new law indicate that present township government will remain, but there is a question as to whether a supervisor can serve on the district board of commissioners of a county.

One of the bills in the package signed by Ogilvie calls for the elimination of assistant super-

THE ANTIOCH NEWS—7 THURSDAY, OCTOBER 9, 1969

White Pine Blister Rust

(EDITOR'S NOTE—This story is printed as a public service. It is written by Lee Hayden, son of Mr. and Mrs. William Hayden of Rt. 2, Box 184, Antioch, and publication is needed for Lee as a requirement for the Conservation of Natural Resources Merit Badge which Lee is seeking as a First Class Scout of Antioch Troop 92.)

By Lee Hayden
If you have white pine or other five needled evergreens, read this because your tree's life could be in danger.

Blister Rust entered this country in 1898 before plant quarantine laws were enacted. The disease came from infected shipments from Europe.

The disease ranges from New England to Maryland and south to Illinois. This writer has seen a ten acre plot of pine in Wisconsin totally killed by rust.

Prevention of the disease is obtained by removing all of the current and gooseberry bushes, commonly called Ribes, from the vicinity of the trees.

A tree which has the disease normally should be cut, but if a tree is particularly valuable as an ornamental tree, it should be treated by cutting diseased limbs at the trunk and if on the trunk, by cutting all the cankers and two inches of bar around it off, and then spread with pine tar.

visors effective May 1, 1972. The present Lake County Board has 19 assistant supervisors.

Chairman Depke said the laws enacted Thursday will create a whole new system of county government, removed from the townships. He said it undoubtedly will be costly to set up and maintain, and remove government one step further from the people.

THURSDAY, OCTOBER 9, 1969

THE ANTIOCH NEWS—3

ACHS Freshmen Still Undeclared

Antioch's freshmen A and B teams both remained undefeated by defeating teams from Wauconda. The A team won 56-12 and the B team won 24-0.

Despite the high score, Antioch's offense was not sharp. Only 157 yards were gained from line of scrimmage. Excellent kickoff and punt returns set up several Antioch TD's.

Scott La Chance recovered a fumble on the first play by Wauconda and three plays later Tom Pfahler scored. Tom also scored the PAT. Wauconda came back to score on a reverse but the extra point run was no good. On the ensuing kickoff Pfahler went 82 yards to score. The PAT was no good.

In the second quarter Glen Amundsen tackled a Wauconda runner in his end zone for a safety and 2 more points. On the kickoff Bill Toman returned the kick to the Wauconda 21 yard line. Five plays later Charlie Chapman scored from 1 yd. out. The try for extra point was no good. Half time score stood at Antioch-22, Wauconda 6.

Antioch received the second

half kickoff. On the first play, Pfahler swept right for 68 yards and a TD, but a clipping penalty wiped it out. On the next play Bill Toman went around left end for 63 yards and a TD. Chapman scored the two point conversion.

Later in the third quarter Andy Feldmann scored from 2 yards out and also scored the conversion. In the fourth quarter Antioch scored three more times.

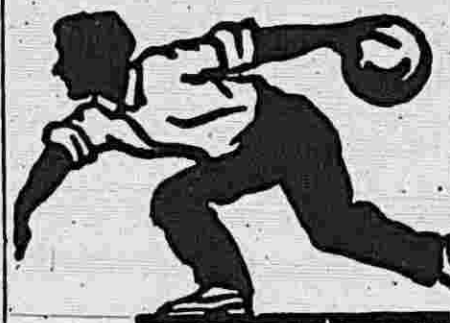

Feldmann scored on a 13 yard run. Tom Rayniak picked up a fumble and ran it in from 33 yards out, and Pfahler plunged over from the 2. Wauconda scored late in the fourth quarter to bring the final total to 56-12.

The Antioch defense again did a good job. Coach Hahn also had praise for Rich Crowell, the Antioch kicker.

"Rich did a great job today. His kicks constantly had Wauconda back in the hole. Wauconda never crossed midfield except on the two break away scoring plays."

The next freshman game is against Lake Zurich, here, Monday, Oct. 13.

The Antioch B team won their third straight game by complete-

BOWLING

Bow Season Is Here

About 12,000 archers will stalk white-tailed deer in Illinois this fall, according to Tom Evans, supervisor of the game division of the Illinois Department of Conservation.

The bow season for deer began on Oct. 1. The first portion of the season will end on Nov. 16. The second portion will begin on Nov. 24 and end on Dec. 31. However, bow hunting is prohibited from Dec. 8 through Dec. 14.

Antioch Varsity Poised For Lead

It was Parents Day at the High School football field and the battling Sequoits came from behind to win 7-6 over Wauconda.

The highlight of the game was Kevin O'Neill's 53 yard touchdown run. This was Kevin's first appearance in a game since he received cracked ribs in the season opener against Rockford. However, overshadowing Kevin's run was the extra point attempt which won the game. It was made by "Jeet", the AFS For-

sign Exchange student from Thailand. After the game Jeet was the locker room hero.

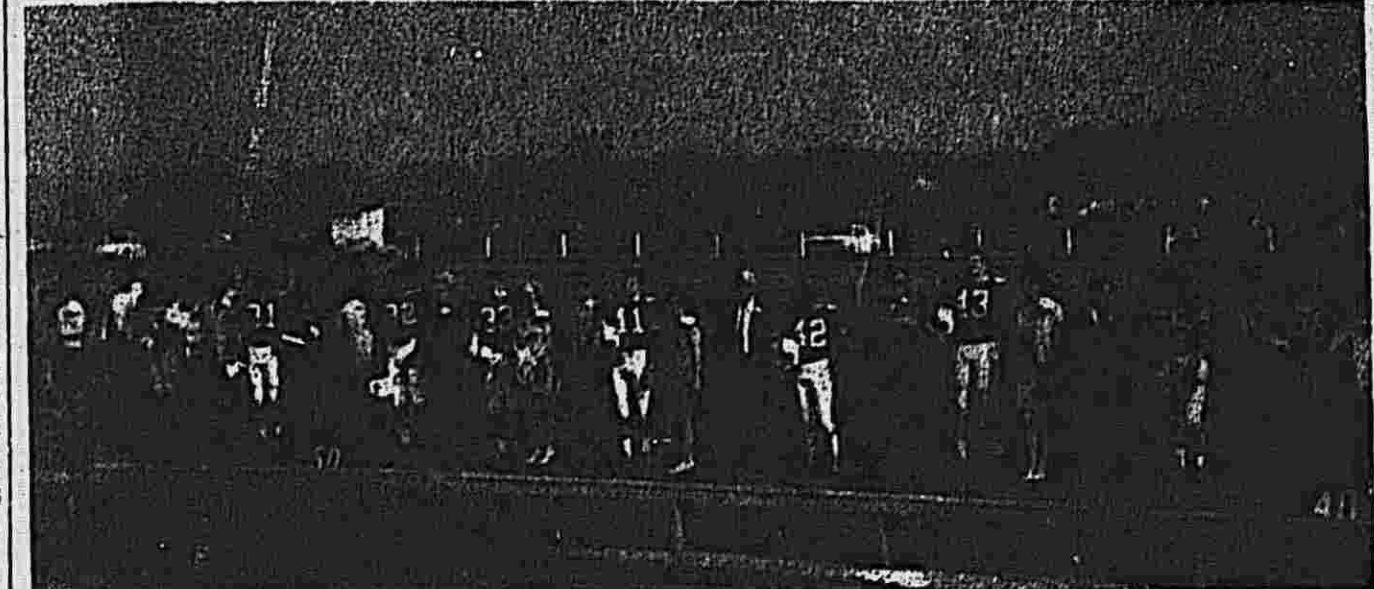

The game itself was rather unexciting as it was marked by penalties and fumbles. Antioch fumbled twice and Wauconda three times and there were 90 yards in penalties against Antioch and 40 against Wauconda.

The work horse of the Sequoit offense was Kevin O'Neill who gained 94 yards in 13 carries. All together Antioch had 279

yards total with 223 coming on the ground and 56 by air. Wauconda gained 117 yards total, 77 on the ground, 40 in the air.

With Grant's win over Lake Forest Saturday night the Sequoits are looking forward to their game at Lake Zurich this Saturday, because a victory there would put the defending champs back into first place.

Antioch 0 0 7 0
Wauconda 0 6 0 0

Last Saturday was Parents Day at the Antioch High School football game against Wauconda and the proud parents line up next to their sons on the sidelines before the game.

Rod And Custom Car Show On Halloween

More than 350 wild creations on wheels are expected to compete in the 8th annual International Championship Rod and Custom Car Show that will open to the public Friday through Sunday, Oct. 31, Nov. 1 and 2 in Chicago.

The weird or futuristic entries, some appropriate to the Hallow-

een opening, will include new featured custom cars such as the Red Baron, the Elegant Farmer, the Shalako and the 1970 AMX-400. A special treat for racing fans will be Tommy Ivo's Drag Caravan.

Show hours are Friday, 5-11 p.m., Saturday and Sunday 12-11 p.m. at the International Amphitheatre, 42nd and S. Halstead. The show traditionally attracts

approximately 70,000.

The competition is sanctioned by the International Car Show Association as part of the championship series. It is sponsored by a local club of car owners, the Chi-Town Shifters.

Club members are now enrolling entries from throughout the Midwest. Other exhibit cars will be brought in from around the nation to compete for coveted

Free Training Courses Are Now Available

Free training courses in radiological monitoring, shelter management, and medical self-help are being offered to interested citizens, schools, hospitals and business establishments by the Lake County Civil Defense director, Richard Willer.

A letter has already gone out to 25 mayors, police chiefs and fire chiefs urging them to set up a training schedule. Volunteer instructors conduct the 32-hour courses for groups of 15 or more persons.

Willer emphasized it is essential that trained personnel be available for schools, hospitals and locations already designated and stocked as shelters in case of emergency. He says over 100,000 shelter spaces have been assigned to the county, with the possibility of increasing this number in the future.

The Office of Civil Defense has stressed training for those in charge of specific shelters to insure discipline, good management and efficient utilization of equipment and supplies if, and when, shelter areas must be used in an emergency.

Institutions, agencies, or individuals interested in the training sessions may contact the Lake County Civil Defense Office at P. O. Box 356, Lake Zurich, Ill., or phone 438-8060.

trophies. Classes include hot rod, custom built, sports, mid-engine, motorcycles and other categories.

Exotic exhibit cars may have more than 20 colors of paint, and huge chrome and gold plated engines that actually run.

A Long Distance call should be fun.
But it shouldn't be a scream.

Ah, the modern miracle of Long Distance calling. You just dial a few numbers, wait a few seconds, and click, tick, beep... you've got a station-to-station hollering contest.

Don't let a bad connection give you any static. Just yell goodbye and hang up. Then start all over. Whoever made the call should dial the Long Distance Operator, and tell her the problem. She'll adjust the charges for the fuzzy call, and get you a nice, clear connection.

Unlike the Woolly Mammoth, the Woolly Phone Call, though rare, is not entirely extinct. So if you happen to run across one on a Long Distance call, don't just talk louder. Start over.

After all, the telephone was invented to make things like hollering obsolete.  Illinois Bell

We're a lot more than just talk.
